

I listen to K-Love daily. It gives me encouragement to be kind to others when they are not to me, especially when I'm in traffic. This station lifts my spirits through the music it plays, giving me joy when I may be down or depressed. Because of its teachings, K-Love is consistent in telling what pleases our Creator, God. It could not do this if it were a LPFM station. K-Love is good for my community because it gives me peace in traffic and at work, so I don't live by an "I'll get you back" philosophy.
